**IMP 212M 1439871**

Feb. 2, 2002 BW: 92 lbs. 205: 777 lbs.

Owned by Northline Angus, Southland Angus and Hidden Creek Farm. Red Rock is a son of the very popular King Rob out of a Monu 4X dam. He was the Reserve Grand Champion bull at the 2003 National Western Stock Show in Denver and his maternal sister was the 2003 National Champion female. He has lots of growth potential and we used him on the cowherd.

 WMA 116P 1234664

Feb. 27, 2004 BW: 84 lbs. 205: 784 lbs. 365: 1370 lbs.

We were fortunate to own Robson as our walking bull with Howard and Wendy Schneider at Ardrossan. We really liked his sire, Rob Roy, and Robson really follows in the same pattern. Robson was the 2006 Res. Sr. Champion bull at Agribition. He is that dark red colour we strive to have in our calves. Heifer and bull calves average about the same at birth, averaging 88 lbs. in the winter calving at Spruce Grove and 79 lbs. in the summer calving at Sangudo. Robson semen was not heavily campaigned, so grab a son while you can!

Lead Pine was the third high selling bull when he sold in the 2002 Brylor Bull sale, but when you look at the bulls who sold above him, including his paternal brother 99L and Stallion's little brother Littlestone; he is in esteemed company. His sire 517G is a combination of the legendary Zama Pine 37S, SSS Maverick 249W and Brylor Cherok 40X. 83L's dam is in the Brylor Donor program, with 23 calves and counting.
